

*The Embassy of the Republic of India, Budapest
in cooperation with EAAA European Ayurveda Association and
Department of AYUSH of the Government of India*

'Workshop on THMPD and its Impact on Ayurveda in Europe'

on 19th and 20th March 2010 at Marriott Hotel, Budapest

The THMPD Workshop will be a follow up to the International meeting held in Baden-Baden 12th October 2009 which focussed on Medicines Regulation - THMPD Traditional Herbal Medicinal Products Directive

We propose to deal further with the practical issues regarding traditional medicines regulation and registration and develop a strategy to lobby MEPs to introduce the extension of THMPD into the EU Parliament. We will also be considering the legal challenges available to the TSM community and how to communicate effectively regarding the principal issues.

'Workshop on THMPD and its Impact on Ayurveda in Europe'
